

Congress of the United States

House of Representatives

Washington, DC 20515-2032

October 19, 1995

Ms. Donna Doak
9 Gordon Street
Hudson, New Hampshire 03051

Dear Ms. Doak:

Thank you for contacting me regarding your concern about tobacco regulation. I apologize for not getting back to you earlier.

I agree with you that the FDA has clear jurisdictional boundaries and that regulation of tobacco is outside of this jurisdiction. Commissioner Kessler's testimony before Congress last year was a clear indication of his intention to have tobacco classified as a "drug" under his purview. This has historically not been the case, and I see no reason to expand the responsibilities of the FDA at a time when American citizens are literally dying while waiting for drugs and medical devices to find their way through the FDA's cumbersome approval process. As tobacco and smoking issues come before this Congress, you may rest assured that I will keep your concerns firmly in mind.

Again, thank you for contacting my office. Please do not hesitate to get back in touch should you have further comments or concerns.

Sincerely,

Charles F. Bass
Member of Congress
